

Leased Lines

As soon as you have a Vaioni leased line you know that you have an extraordinary service. With an impressive SLA of at least 99.96%, a 4hr fix (only with a managed option) and the best routes and lowest latency to any global destination, what more can you ask for. With full UK coverage and access to over 5 UK Telco networks, you don't need to speak to anyone other than us. Our leased lines range from 2mb up to 10Gb+ and everything in between, so we are sure we can cater for your individual requirement.

Feature Spotlight

- **Highly Reliable** – Vaioni's Leased Lines are highly reliable and utilise leading edge IP and NGN technology to get the very best out of your new connection. Your connection is monitored and proactively managed 24 hours a day, everyday.
